MARKER LIGHT

Triple outline marker light, with a reflector and long straight arm. The lamp emits a bright light and fulfills the most important functions. **Lamp functions:** - front marker light (white light color); - side position light (orange light color); - rear marker light (red light color). The lamp operates on a universal voltage of **12/24 V** and is characterized by low power consumption. Only branded diodes are used for the production of the **lamp with reflector**, which definitely distinguish the quality of lighting and attractively emphasize the outline of a moving vehicle.

DANE TECHNICZNE

Light group	LED quantity	Light category
