

LD 3109/L

MARKER LIGHT

LD 3109/L is a triple marker lamp that comes with a flexible hanger and compact dimensions. It is specifically designed for mounting **on the left side of the vehicles**, ranging from small trailers to trucks and trailers. The lamp emits a bright **neon** light and fulfills the most important functions. **Lamp functions:** - front marker light (white light color) - side position light (orange light color) - rear marker light (red light color) The lamp operates on a universal voltage of **12/24 V** and is characterized by low power consumption. Only branded diodes are used for production, which definitely distinguish the quality of lighting and attractively emphasize the outline of a moving vehicle. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C. Ensure your safety on the road! Identify your vehicle with LED new arrivals by Horpol!**
