

LZD 3088

FRONT MULTIFUNCTION LIGHT

LZD 3088 – is a 2-functional front lamp that will work well in various types of vehicles such as: - forklifts; - quads, motorcycles; - buses; - vans; - sleeping cabins and spoilers; - agricultural and construction machinery; - lorries; - special vehicles. The symmetrical design allows universal installation (both on the right and left side of the vehicle). **LZD 3088** operates at a universal voltage of **12/24 V** and has low power consumption. **Lamp functions:** - front position light (1.1/2.1 W); - front direction indicator (1.3/2.6 W). Thanks to the use of a special diffuser, the lamp emits clear, **white NEON position light**, emphasizing its shape, without blinding other road users. Despite its small size, the **direction indicator** is very visible even on a sunny day. Modern design and high-quality materials used in its production make it a top-class product. The mounting screws are aesthetically sealed with gaskets. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C**. This product will meet the expectations of even the most demanding users looking for reliable and durable lighting solutions for their vehicles.

DANE TECHNICZNE

Light group	LED quantity	Light category
HOR 138	18	multifunction front
Supply voltage	Operating temperature range	Cable
12/24 V	from -30°C to +50°C	3x0,5 mm2; cable length 0,5 m
Side	Front position light	LED light
universal	yes	yes
Ingress protection rating	Front direction indicator	
IP 68	yes
