

## LZD 3089

### REAR MULTIFUNCTION LIGHT

**LZD 3089** – is a 2-function rear lamp that will work well in various types of vehicles such as: – forklifts; – quads, motorcycles; – buses; – vans; – sleeping cabins and spoilers; – agricultural and construction machinery; – lorries; – special vehicles. The symmetrical design allows universal installation (both on the right and left side of the vehicle). **LZD 3089** operates at a universal voltage of **12/24 V** and has low power consumption. **Lamp functions:** – rear position light (1.1/2.1 W); – rear direction indicator (1.3/2.6 W). Thanks to the use of a special diffuser, the lamp emits clear, **red NEON position light**, emphasizing its shape, without blinding other road users. Despite its small size, the **direction indicator** is very visible even on a sunny day. Modern design and high-quality materials used in its production make it a top-class product. The mounting screws are aesthetically sealed with gaskets. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C**. This product will meet the expectations of even the most demanding users looking for reliable and durable lighting solutions for their vehicles.

### DANE TECHNICZNE

Light group	LED quantity	Light category
HOR 138	18	multifunction rear
Rear position light	Supply voltage	Operating temperature range
yes	12/24 V	from -30°C to +50°C
Cable	Side	Rear direction indicator
3x0,5 mm <sup>2</sup> ; cable length 0,5 m	universal	yes
LED light	Ingress protection rating	
yes	IP 68
