

LZD 3089

REAR MULTIFUNCTION LIGHT

LZD 3089 – is a 2-function rear lamp that will work well in various types of vehicles such as: – forklifts; – quads, motorcycles; – buses; – vans; – sleeping cabins and spoilers; – agricultural and construction machinery; – lorries; – special vehicles. The symmetrical design allows universal installation (both on the right and left side of the vehicle). **LZD 3089** operates at a universal voltage of **12/24 V** and has low power consumption. **Lamp functions:** – rear position light (1.1/2.1 W); – rear direction indicator (1.3/2.6 W). Thanks to the use of a special diffuser, the lamp emits clear, **red NEON position light**, emphasizing its shape, without blinding other road users. Despite its small size, the **direction indicator** is very visible even on a sunny day. Modern design and high-quality materials used in its production make it a top-class product. The mounting screws are aesthetically sealed with gaskets. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C**. This product will meet the expectations of even the most demanding users looking for reliable and durable lighting solutions for their vehicles.

DANE TECHNICZNE

Light group	LED quantity	Light category
HOR 138	18	multifunction rear
Rear position light	Supply voltage	Operating temperature range
yes	12/24 V	from -30°C to +50°C
Cable	Side	Rear direction indicator
3x0,5 mm ² ; cable length 0,5 m	universal	yes
LED light	Ingress protection rating	
yes	IP 68
