

LZD 2856

REAR MULTIFUNCTION LIGHT HEAVY DUTY WITH REFLECTIVE DEVICE AND ELECTRICAL CONDUIT

The rear multifunction light **HEAVY DUTY with reflective device and electrical conduit LZD 2856 (left)** has been designed to be durable and efficient. Featuring **replaceable LED modules**, this light offers **139 light-emitting diodes** and operates at a supply voltage of **24 V**, offering strong and clear illumination. **Multifunction light functions:** – position light (4 W), – break light (10 W), – rear direction indicator light (5,5 W), – reversing light (4 W), – fog light (5,5 W), – and a reflecting device, providing comprehensive lighting for tractors, trucks, vans, agricultural and specialist vehicles and recovery vehicles. The light modules also have a high **IP 68** rating and an operating temperature range of **from -30 to +50 degrees**, so the light is perfect for use in a variety of weather conditions. As an extra benefit, the light also provides electromagnetic compatibility **EMC**. As a result, you don't need to worry about electromagnetic interference that could affect other equipment in your vehicle. The **LZD 2856** multifunction light is a perfect solution for anyone looking for a durable, efficient and functional light for their vehicle. Whatever the weather or terrain, this light will offer reliable illumination and safety on the road.

DANE TECHNICZNE

Light group	LED quantity	Light category
HOR 129	139	multifunction rear
Rear position light	Supply voltage	Reflecting device
yes	24 V	yes
Operating temperature range	Cable	Side
from -30°C to +50°C	6×0,5 mm2; cable length 0,3 m	left
Reversing light	Fog light	Brake light
yes	yes	yes
Rear direction indicator	LED light	Ingress protection rating
yes	yes	IP 68
