

MDPC 2624

ORANGE AND RED MODULE FOR STALK MARKER LIGHT

The **MDPC 2624** module is a high-quality lighting component **designed for stalk marker lamps**, combining aesthetics, durability, and functionality. Equipped with **10 LEDs** emitting intense **amber** and **red** light, it ensures excellent visibility and safety in all road conditions. Thanks to its **NEON-effect** insert, the light is uniform, gently diffused, and highly visible even from a long distance. The module features an **IP 68** ingress protection rating - it is completely resistant to dust and long-term submersion in water, ensuring reliable performance even in the most demanding environments. With a universal operating voltage of **12/24 V** and the flexibility of **installation on either side**, the MDPC 2624 is a versatile solution for various types of vehicles - from trailers and semi-trailers to agricultural machinery and specialized vehicles.

DANE TECHNICZNE

Light group	LED quantity	Light category
HOR 102B	10	marker
Rear position light	Supply voltage	Light colour
yes	12/24 V	amber-red
Power rating	Operating temperature range	Cable
2/4 W	from -30°C to +50°C	2×0,75 mm ² ; length 0,7 m
Side	LED light	Ingress protection rating
universal	yes	IP 68
